New and Featured Items:

Espinosa Laranja Hybrid

The Espinosa Laranja Hybrid is a medium-to-full-bodied premium cigar line introduced by Espinosa Cigars. Handcrafted at the La Zona Cigar Factory in Estelí, Nicaragua, this blend was developed as a creative solution following the scarcity of the original orange-tinted Brazilian wrapper used in the acclaimed Laranja Reserva series. The Hybrid adaptation introduces a dark Ecuadorian Habano Oscuro wrapper while preserving the signature Brazilian leaf influence within its internal blend.

Romeo Y Julieta Reserva Real Nicaragua Profundo

The Romeo y Julieta Reserva Real Nicaragua Profundo is a premium, regular-production line extension crafted as a bolder, more intense "third act" to the famous Reserva Real series. Released in early 2026, this cigar was developed through a high-profile collaboration between Altadis U.S.A.’s Rafael Nodal and master blender A.J. Fernandez.

RoMa Craft Intemperance Volstead VO 1920

The RoMa Craft Intemperance Volstead VO 1920 is a premium cigar line blended by Skip Martin and produced at the Fabrica de Tabacos NicaSueño factory in Estelí, Nicaragua. Released in 2023, the line is named after the 1920 Volstead Act, which legally enforced Prohibition in the United States. It has an Ecuadorian Sumatra Hybrid wrapper, Mexican San Andrés binder, and fillers from Nicaragua and the Dominican Republic.

Crowned Heads Broadway

The Crowned Heads Broadway is a premium, regular-production cigar line released in June 2025. It holds a special place in the brand's portfolio as the very first line to showcase the Crowned Heads updated logo and completely rebranded design, serving as a visual tribute to the iconic Broadway street in the company's hometown of Nashville, Tennessee. It has a Connecticut Broadleaf wrapper that provides a medium-to-full-bodied smoking experience marked by profound transitions and dense smoke output.

Perdomo 30th Anniversary Connecticut and Maduro

The Perdomo 30th Anniversary Connecticut and Maduro are premium, box-pressed Nicaraguan cigars released to celebrate three decades of Tabacalera Perdomo. Both lines showcase the brand's commitment to extensive aging, utilizing rare Nicaraguan binder and filler tobaccos aged up to 15 years, combined with wrappers that have been matured in bourbon barrels. The Connecticut version features an Ecuadorian Connecticut Shade wrapper aged for 15 years, including a finishing period in bourbon barrels. The Maduro version shifts to a 100% Nicaraguan Puro blend, utilizing a dark, oily Nicaraguan Maduro wrapper that has also undergone 15 years of aging and bourbon-barrel fermentation. Both blends are fantastic. Come in and try one today!

Espinosa Special - Southside Location Only:

We are currently running an Espinosa deal. If you purchase any 5 Espinosa cigars we will be providing you with a free Espinosa Crema, while supplies last. Make sure you ask your tobacconist for the details the next time you come and see us!
